Film Production Guidelines

Welcome to the City of Los Angeles, Department of Recreation and Parks (Department). In our partnership to protect the environmental integrity of our parks the Park Film Office is providing guidelines to ensure a safe and successful film shoot. Please review and provide copies of these guidelines to the appropriate responsible persons. Thank you for the continuous use of our parkland.

- Approved for filming requests that have been specified on contract provide by Staff at Cabrillo Beach.
- Vehicles and/or heavy equipment are not allowed on turf areas unless prior approval is given by the Park Film Office.
- Production companies must provide their own restroom and trash receptacles. The City dumpsters and trash cans cannot be used so all self-generated trash has to be removed and disposed of off-site.
- Film permits do not provide exclusive use of a park or recreation area.
- Service roads, parking lot driveway access, handicap or electric vehicle designated parking stalls may not be blocked or restricted. Emergency vehicle access lanes must be maintained in parking lots and park streets at all times.
- A 20 Foot unobstructed lane must be maintained between parked vehicles/trailers in all parking lots and Recreation and Parks roadways for emergency vehicle access.
- Due to underground plastic irrigation lines and trees having shallow root systems, staking or drilling into turf, rocks, trees or asphalted areas is not permissible unless prior approval is given by the Park Film Office. This approval will be noted in the permitted guidelines.
- Locked park gates can only be accessed by a Park Film Office Monitor. Security of open gates must be provided by the permitted company. Any equipment that is permitted to stay overnight must be guarded by the permitted company's security group.

- Alterations to natural or manmade surroundings or content of the park are not permissible unless documented in these specific guidelines. The permit holder is financially responsible for all remediation should there be any damage or unauthorized alteration to Department property. The remediation and cost of will be determined by the Park Film Office.
- A Park Film Office Monitor(s) may be assigned to the permitted location. Their job is to ensure guidelines are followed, liaison between park patrons, other City employees and a communication link between Permittee and the Park Film Office for any additional needs or authorizations. When the Park Film Office is closed the Park Film Monitor has the authority and responsibility to modify these guidelines within the parameters given to them by their supervisor. The Park Film Monitor has access 24/7 to contact their supervisors if needed. The Permittee will be required to adhere to the instructions, restrictions and requests given by the Park Film Monitor.
- Smoking is prohibited on all Department properties. An exception has been made for permitted film production companies to smoke in areas that are designated by the Fire Safety Officer or Park Film Monitor. If a Fire Safety Officer or Park Film Monitor is not assigned to the Permittee there will be no smoking with the exception of an actor smoking while performing or as part of the scene.
- A designated smoking area may not be near any patron activity or facility. Large buckets of sand or water must be placed in this area for disposal of tobacco or tobacco related products. The designated smoking area may be revoked or not allowed depending on weather and location conditions. Failure to comply with the smoking restrictions may result in a fine.

APPROVING OFFICIAL

1. Name address and phone numbers of Waiver Holder:

SOUTH COAST HELICOPTERS, INC.
UOSA109T, UOSL109T, UOSG109T
3940 Artesia Ave., Fullerton, CA 92833
Phone: (714) 562-0882, Fax: (714) 562-0975, email (bruce@schelicopters.com)

2. Dates and times for all flight activity: 02/09/2011.

3. Name and phone numbers for person responsible for the filming production event:

Cliff Fleming PIC: cell 714-269-8248, office 714-562-0882
Production Contact: John Cefalu Location Manager 310-369-4855 office, 213-359-6359 cell

4. Make, model and N number of aircraft to be used and airworthiness certificate, including category:

Eurocopter AS350 B2, N352SC, Standard-Normal
Eurocopter AS350 B2, N8286Z, Standard-Normal

5. Name and Certificate number of pilots to be utilized in the filming production event:

Cliff Fleming, ATP 563749860, Class 1, 09/2010
Fred North, Comm. 2744632, Class 1, 08/2010

6. Summary of the flight activities, including maps or diagrams of the specific filming location:

The helicopter will land and work out of the parking lot at Berth 46 in the Port of LA. The parking lot, landing, take-off and beach areas will be secured by production. There will be a production water safety boat and the Coast Guard and Harbor Patrol will be notified. The helicopter will remain 500' from all non participating boat traffic. This area has previously been approved for helicopter movie operations. The helicopter will be fitted with stunt rigging and will pick up and fly 2 stuntmen over the water. There will also be a ground coordinator and a safety crewmember on the helicopter. This is a stunt/rigging test only and will not be filmed. The camera helicopter will be used to film the operation.

The helicopter will remain 500 feet from all public structures and non-participating personnel. I certify that the above information is correct and all necessary property owners and governmental agencies have been contacted and their permission, where required, has been obtained.
